Journal Name:	Asian Journal of Plant and Soil Sciences
Manuscript Number:	Ms_AJOPSS_11847
Title of the Manuscript:	Potential role of potassium humate and natural extracts in improving the growth performance and productivity of faba bean plants
Type of the Article	Original Research Article

1: Review Comments

	Reviewer's comment	Author's feedback
<p><u>Compulsory</u> REVISION comments</p> <ol style="list-style-type: none">1. Is the manuscript important for the scientific community? (Please write a few sentences on this manuscript)2. Is the title of the article suitable? (If not please suggest an alternative title)3. Is the abstract of the article comprehensive?4. Are subsections and structure of the manuscript appropriate?5. Do you think the manuscript is scientifically correct?6. Are the references sufficient and recent? If you have suggestions for additional references, please mention them in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The research presented in the manuscript is a real time observation of good practices. Use of potassium humate, garlic and lemongrass extract show good potential for plant growth promotion. The abstract, introduction, materials, results and discussion are well versed and appropriate for publication.</p> <p>The title may be reduced in length and a clear foliar dose of extracts and humate should be mentioned.</p>	
<p><u>Minor</u> REVISION comments</p> <ol style="list-style-type: none">1. Is the language/English quality of the article suitable for scholarly communications?	ok	
<p><u>Optional</u> comments</p>
