<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Yes it is comprehensive</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>The subsections and structure are not fully appropriate. It takes the reader a while before they can connect between the topic and the content.</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>	<ul style="list-style-type: none"> - It is because the author connects the narrative with real world situations showing credibility. - The use of case studies in play within a play help illustrate how the concepts are used in daily life - Its informative and relatable 	
<p>Are the references sufficient and</p>	<p>- The references are not sufficient as the author used a few of them</p>	

recent? If you have suggestions of additional references, please mention them in the review form.	and consentrated more on the book. - Additionally some of the references are outdated.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Definitely it is	
Optional/General comments	The manuscript demonstrates a strong understanding of the scientific principles discussed, reflecting that the author did a thorough reseach. It reflects theory to practice showing how it can be used in the real world. However the author needs to check on the flow of the narrative as there is abit of misconnection within the subchapters, especially from the introduction to the body. Additionally there are some grammatically errors, which require corrections.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
