

I. K. Press

Journal Name:	Asian Journal of Current Research
Manuscript Number:	Original Manuscript_AJOCR_12144
Title of the Manuscript:	The Future of Protection: Unleashing the Power of Nanotech Against Corrosion
Type of the Article	Review Article

General guideline:

This journal believes that no manuscript should be rejected only based on 'lack of Novelty', provided the manuscript is sufficiently robust and technically sound. Too often a journal's decision to publish a paper is dominated by what the Editor/reviewer thinks is interesting and will gain greater readership - both of which are subjective judgments and lead to decisions which are frustrating and delay the publication. This journal will rigorously peer-review your submissions and publish all papers that are judged to be technically sound.

To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:
