

Journal Name:	<a href="#">Journal of Global Ecology and Environment</a>
Manuscript Number:	<b>Ms_JOGEE_12363</b>
Title of the Manuscript:	<b>ANALYSIS OF STORABILITY OF GUAVA IN DIFFERENT STORAGE CONDITIONS</b>
Type of the Article	

**General guidelines for the Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

**Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>Inproper storage is one of the major reasons for the wastage of fruits. Loss is greater after the harvest is due to the high rate of respiration and ethylene production. The standardization of storage conditions will reduce the spoilage of fruits and maintain their freshness.</p>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<p>No, STORABILITY ANALYSIS OF GUAVA (<i>Psidium guajava</i>) IN DIFFERENT STORAGE CONDITIONS</p>	
<p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<p>Yes, but need to include the design of the experiment, the result values, and a one-line conclusion. Shelf life of fruit is a very important parameter in every storage study; it's missing.</p>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<p>Yes</p>	
<p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b></p>	<ul style="list-style-type: none"> <li>• The experimental design, replication, area of study, and maximum and minimum temperature during the experiment missing.</li> <li>• Include name of guava variety taken for the experiment</li> <li>• Mention the treatment control in the material and method section.</li> <li>• Add temperature range for all the treatments.</li> <li>• How the data is analyzed and mention statistical method in material and method section</li> </ul>	
<p><b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review</b></p>	<p>We are now in 2024, but all the cited references are very old up to 2015. Add more recent references that relate to the storage of fruit crops up to date.</p>	

<b>form.</b> :	References are not in as per the journal format and need modification.	
<u>Minor</u> REVISION comments  <b>Is the language/English quality of the article suitable for scholarly communications?</b>	Most of the sentences are not grammarily correct. May be given to professional to check the language.	
<u>Optional/General</u> comments	<ul style="list-style-type: none"> <li>• Introduction part more on vegetables only add some references related to climatic fruits</li> <li>• The conclusion part is not clear; give a final outcome of the study.</li> <li>• In the abstract, the first three sentences are repeated in the introduction, which may delete.</li> <li>• Add more supporting references in the discussion part.</li> <li>• Table 1 titile does not have fluency; change the titile gramatically.</li> </ul>	

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
