

Journal Name:	<a href="#">PLANT CELL BIOTECHNOLOGY AND MOLECULAR BIOLOGY</a>
Manuscript Number:	<b>Ms_PCBMB_12378</b>
Title of the Manuscript:	<b>Bacterial Leaf Blight in Rice: Exploring Pathogen Life Cycle, Resistance Genes, and MAS Breeding Strategies</b>
Type of the Article	<b>Review Article</b>

**General guidelines for the Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

**Important Policies Regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>This review paper provides an insightful and comprehensive analysis of a critical issue in rice cultivation. The authors have done an excellent job of covering the pathogen's life cycle, the genetics of resistance, and the cutting-edge approaches in marker-assisted selection (MAS) breeding. Their synthesis of current research offers valuable perspectives that can help enhance resistance strategies and improve rice yield. It is a must-read for researchers and practitioners seeking to address this significant challenge in agriculture.</p>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<p><b>Yes</b></p>	
<p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<p>This abstract is too brief. Please expand it by adding more details about the content of the review. Also, include two lines emphasizing the importance of rice as a staple crop.</p>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<p><b>Yes</b></p>	
<p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust</b></p>	<p>There is no need for any corrections. The author should mention the management strategies for bacterial leaf blight of rice.</p>	

and technically sound? A minimum of 3-4 sentences may be required for this part.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The reference section is not in the proper format. Please follow the same pattern as mentioned in the journal guidelines.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
