Important Policies Regarding Peer Review

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</p>	<p>This manuscript is highly relevant to the scientific community as it explores the transformative potential of AI-driven virtual assistants in education. By addressing how these tools enhance personalization, improve student engagement, and streamline teaching processes, it provides valuable insights into modern educational methodologies. The analysis of data-driven interventions and their impact on learning outcomes can inspire further research and development in AI applications for education.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>The title "The Future of Learning: AI-Driven Personalized Education" is suitable as it clearly conveys the focus of the article—how AI is shaping the future of education through personalized approaches.</p>	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Mention specific examples of how virtual assistants are currently being used in education, such as AI tutors or platforms in assisting students. Acknowledge potential limitations or challenges, such as data privacy concerns or the reliance on technology, to provide a balanced perspective.</p>	
<p>Is the manuscript scientifically, correct? Please write here.</p>	<p>It accurately describes the potential of AI-driven virtual assistants in education, highlighting their ability to personalize learning, analyze performance data and support educators.</p>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>References cover a broad range of topics related to virtual assistants, including their implementation, applications, user satisfaction, educational impact and integration into various domains like healthcare, higher education and special education. But Some references seem repetitive or redundant like</p> <ul style="list-style-type: none"> <input type="checkbox"/> Reyes et al. (2019, 2020) appear multiple times with similar topics. <input type="checkbox"/> Condor-Herrera et al. (2021) is listed twice. 	

	<input type="checkbox"/> David et al. (2022) is also repeated. Consolidating these could improve clarity.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
