

I. K. Press

Journal Name:	Journal of Disease and Global Health
Manuscript Number:	Ms_JODAGH_12139
Title of the Manuscript:	Study of Relationship Between Heparin and Platelets in Hemodialysis Patients.
Type of the Article	

General guideline:

This journal believes that no manuscript should be rejected only based on 'lack of Novelty', provided the manuscript is sufficiently robust and technically sound. Too often a journal's decision to publish a paper is dominated by what the Editor/reviewer thinks is interesting and will gain greater readership - both of which are subjective judgments and lead to decisions which are frustrating and delay the publication. This journal will rigorously peer-review your submissions and publish all papers that are judged to be technically sound.

To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:
