Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it provides a detailed analysis of the translation of culture-loaded words (CLW) in a prominent work of science fiction, "The Three-Body Problem." The study highlights the challenges and methods of translating culturally specific terms, which is crucial for cross-cultural communication and the dissemination of Chinese culture internationally. The insights gained from this research can be applied to other literary works and fields, enhancing our understanding of effective translation strategies.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable as it clearly indicates the focus of the study on the translation of culture-loaded words in "The Three-Body Problem" from the perspective of functional equivalence.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive and well-written. It provides a clear overview of the study's objectives, methodology, findings, and implications. No additions or deletions are suggested.	
Is the manuscript scientifically correct? Please write here.	The manuscript is scientifically correct. The methodology, including the use of stratified sampling and functional equivalence theory, is well-explained and appropriately applied. The analysis of CLW and translation methods is thorough and supported by relevant examples.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention	The references are sufficient and recent, covering key works in translation theory and cultural studies. No additional references are suggested.	

them in the review form.		
Is the language/English quality of the article suitable for scholarly communications?	The language and English quality of the article are suitable for scholarly communications. The text is clear, well-structured, and free of significant grammatical errors.	
Optional/General comments	The manuscript is well-researched and provides valuable insights into the translation of culture-loaded words. The use of examples from "The Three-Body Problem" effectively illustrates the challenges and solutions in achieving functional equivalence. The study contributes to the field of translation studies and cross-cultural communication. No competing interest issues were identified in this manuscript.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
